

2019 Clay County SOTCH Scorecard

Clay County CHIP Video

The 2018 Community Health Assessment priority areas are:

- **Chronic Disease Prevention and Control**
- **Mental Health**
- **Substance Abuse/Misuse**

The following SOTCH Scorecard was created and submitted **March 2nd, 2020** in order to meet the requirements for the Clay County Long and/ or Short Term Community Health Improvement Plans.

Clear Impact Scorecard™ is a strategy and performance management software that is accessible through a web browser and designed to support collaboration both inside and outside organizations. WNC Healthy Impact is using Clear Impact Scorecard™ to support the development of electronic CHIPs, SOTCH Reports and Hospital Implementation Strategy scorecards in communities across the region.

Scorecard helps communities organize their community health improvement efforts:

- Develop and communicate shared vision
- Define clear measures of progress
- Share data internally or with partners

- Simplify the way you collect, monitor and report data on your results

The following resources were used/reviewed in order to complete the SOTCH:

- [WNC Healthy Impact](#)
- [WNC Healthy Impact Data Workbook](#)
- [NC DHHS CHA Tools](#)
- [NC DHHS County Health Data Book](#)
- [NC DHHS/ DPH CHA Data Tools](#)
